

2023 GOLD DIGGER PINOT NOIR

Named to honour the gold mining that dominated Central Otago, New Zealand in the 1860s, this is our early-release barrel-selected Pinot Noir, emphasizing youthful intensity yet classic Pinot Noir balance across fruit, spice, earth and floral notes.

The bouquet shows cherries and floral notes, accented by hints of dried herbs, mushroom, and game. The palate is well-composed, supple yet lively, with excellent fruit purity and complexity brought together by the silky texture and polished tannins.

Hand harvested from Māori Point Vineyard, fermented by the wild yeasts from the vineyard, aged in seasoned oak barrels. This wine is unfinned, unfiltered, vegan friendly, and made with minimal processing and minimal sulfites, for the clearest possible expression of Central Otago Pinot Noir. But beware, she is dangerously delicious!
