

Brennan B2 Pinot Noir - 2022

Central Otago Pinot Noir is renowned for its ability to consistently produce vibrant, expressive Pinot Noir that transports the consumer's mind back to our rocky sun drenched terraces and snow-capped mountains. A terroir which is so very abstract in comparison to many other winemaking regions of the world. Brennan's B2 Pinot Noir expresses this environment by encapsulating bright and aromatic fruit characters during the fermentation and barrel ageing process. Its annual bottlings represent the niche end of Central Otago Pinot Noir and the B2 as some of the best value wine in the district.

- 100% Central Otago and certified sustainable.
- 20% Whole Cluster.
- 25% new French oak barrels, matured for eleven months.
- No fining or filtration.
